Read Carefully Before Ordering

General Ordering Instructions

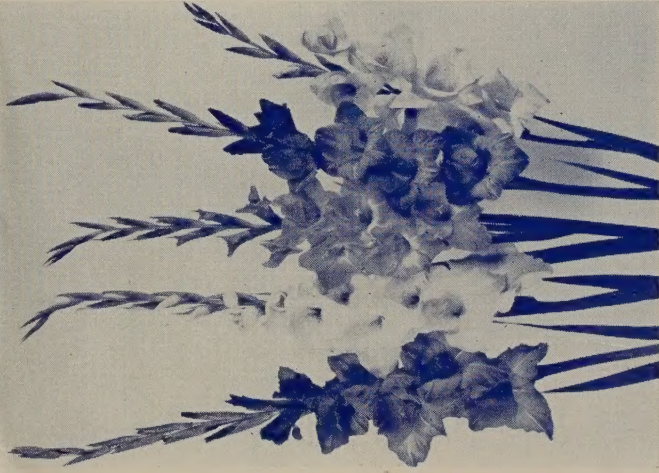

This is our 23rd Annual Spring listing of Gladiolus. All stock offered is Western Washington grown at the foot of the western slope of the Cascade Mountains. Long cool growing season insures top quality bulbs, all stock properly cured and stored.

Orders from the RETAIL LIST will be sent prepaid to any point in the United States providing your order amounts to \$3.00 or over, orders under \$3.00 add 35c to cover postage and packing.

Cash in full must accompany order, or 50% with order will hold your order for future shipment, at which time balance must be paid. No C.O.D. orders please.

5 bulbs may be ordered at the 10 rate. Where items are listed 2-25c, etc., do not split these items as it only causes confusion. We use the utmost of care in selecting your order and like all other growers always include a generous amount of extras, depending on the size of your order.

We will refund the purchase price on any order found unsatisfactory upon arrival and promptly returned to us. However, due to the many chemical dips, sprays, etc., being used by uninformed gardeners, along with varying soil conditions, we will not be responsible for any crop losses as they are beyond our control.

RAINBOW MIXTURES

For those whose planting space is limited and who wish a grand array of color, we offer two RAINBOW MIXTURES of blooming size bulbs consisting of not less than 20 varieties. Your neighbor will envy these.
